

Know When to Stop, Drop, and Roll

- Stop, drop, and roll is used when clothing catches fire.
- Children often get confused about when to stop, drop, and roll. Stress the importance of knowing when to do this behavior.
- Only do it when clothing catches fire. Children who do not have a good understanding of stop, drop, and roll will sometimes do this if they burn a finger or need to get outside if the smoke alarm sounds.
- Using stop, drop, and roll under the wrong circumstances could be very dangerous.
- Children should stay away from things that can catch clothing on fire, such as matches, lighters, fireplaces, heaters, grills, or gasoline.
- If your clothes catch fire:

1. STOP

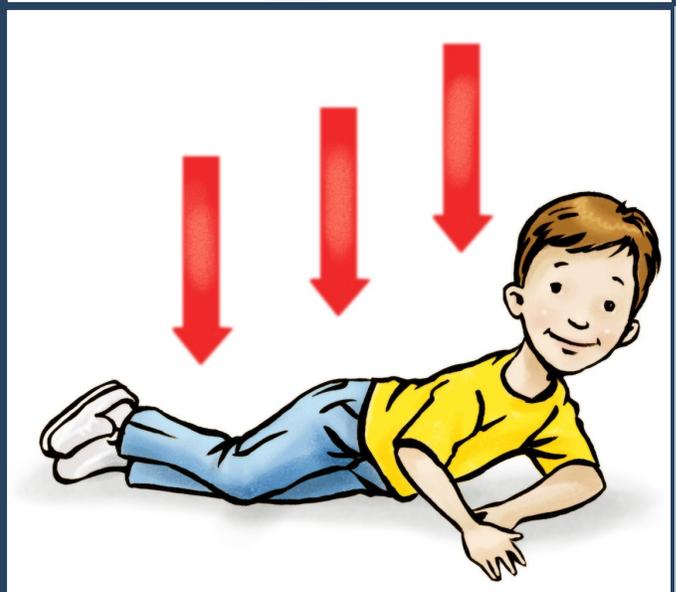

Stop what you are doing.

2. DROP

Drop to the ground.

3. ROLL

Cover your face with your hands, keep your legs straight and roll over and over and back and forth to put the fire out.
